ABC Book of Physical Science

Requirements

1. ALL Letters of the alphabet must be used.
2. Each page MUST have a Letter and a picture. The picture may be illustrated by hand, OR may be found on the internet.
3. In addition to the Letter and picture, each student MUST provide information about each Letter. Has to be at Least three sentences per Letter.
4. The book MUST have a Title Page & a Table of Content Page.
5. **Do Not put more than one Letter on the alphabet per page.**
6. The book must be in a 1"-3 ring binder. No other format will be accepted.

Example: C

C is for conductor. Conductors allow heat & electricity to flow through them easily. Metals are good conductors of heat & electricity. Pots & pans are used for cooking and made of metal because they transfer heat from the stove to the food you are cooking. The electrical wires in your home are made of metal because they carry the electricity from the electrical panel to the electrical outlets throughout your home.
